

## FPGA Hackathon

### Information about event

1. Organizer: Nokia Solutions and Networks Sp. zoo. based in Warsaw.
2. Event Name: FPGA Hackathon
3. Purpose / Topic: The event is aimed at enthusiasts of topics related to FPGA, electronics and broadly understood new technologies. The event creates a space for exchanging experiences, integrating the scientific community with business, and making valuable contacts, and provides opportunities for gaining new professional opportunities.
4. Date: April 22-23, 2023 in a hybrid form.
5. Place: The hackathon will take place in a hybrid form. Participants can choose one of two forms, stationary, which will take place in the Kraków Technology Park, at Podole 60 Street in Kraków. People who choose the remote form will participate in the competition using the Discord platform and virtual machines.
6. Program: The program of the event can be found on the [FPGA Hackathon | Join us!](#)
7. Rules of the competition:
  1. For the purposes of the event and competition tasks, Participants created Teams of 2-3 members. By applying yourself, you agree to be assigned to a random team by the Organizers.
  2. A participant may be a member of only one Team.
  3. Participants are required to behave in a manner that does not endanger the safety of other people, and in particular to comply with the provisions of the facility and event regulations.
  4. It is forbidden to bring and possess by the Participants weapons or other dangerous objects, explosives, pyrotechnic products, fire-hazardous materials, narcotic substances or psychotropic substances.

5. Each stationary participant will receive a wristband from the Organizer and is obliged to wear it throughout the duration of the event, in a place visible to the Organizer (or is obliged to present it each time at the Organizer's request), throughout the duration of the event. The lack of a wristband entitles the Organizer to remove the Participant from the event area. The participant cannot transfer the wristband to another person.
6. The organizer may ask to share his image via webcam (if the participant joins online) at times selected by the organizer.
7. In exceptional situations, the organizer reserves the right to extend the time of the FPGA Hackathon.
8. The winners can be selected by the organizer, not just the scoring system.
9. Due to the current restriction, the organizer has to right to refuse the participate in the event.
10. We reserve the right for people from outside the EU to not send gadget packages, in return we will organize a different prize.
8. Registration: Registration for the events will start on 06/03/2023 and will end on 26/03/2023.  
Registration link : [FPGA Hackathon - Hack into Mars - ecros.pl](https://ecros.pl)
9. Registering for an event is not synonymous with acceptance/getting into the Hackathon.
10. The organizer reserves the right to extend the time of registration.
11. The participant agrees to be sent by e-mail information about current and future event editions or about recruitment processes conducted by organizer.
12. Contact details of the Organizer: [contact.hackathon@nokia.com](mailto:contact.hackathon@nokia.com)
13. Additional information:
